Dear Todd:

This Thursday, the newly remodeled Tops #207, Niagara Falls Blvd. and Robinson Rd. will be reset by your people. Please make sure the package fixture is completely clean, all shelves and cartons in working order, properly tagged, and so on. As well as the carton fixture, as they had requested new fixtures, and we are making do with the current fixtures, along with an additional 4' section on the existing carton merchandiser.

Your help is appreciated.

Sincerely,

Royce
